Admissions process:

Optimist International School and Haarlemmermeer Lyceum Bilingual have created an admissions procedure for students who wish to apply for our school.

In January or February, the Group 7 teacher will provide guidance on the academic level that best suits the student.

A. The advice is derived from benchmark assessments: PTE, PTM, NGRT, NGST, CAT4, PASS

B. The guidance is informed by work ethics, concentration, independence, organization, and social-emotional development.

C. The advisory committee convenes to assess each student against Criteria A and B, providing a final recommendation thereafter.

D. Parents are tasked with submitting applications to their preferred secondary school through **DE-OVERSTAP.NL** from **March 25 to March 31, 2024**.

E. Optimist International School issues a definitive recommendation during the midpoint of Group 7, and no modifications can be made thereafter.

F. On April 11th, the student and parents/guardians will receive the placement letter.

G. In April/May, students will be invited for an introductory meeting.

H. In May, students will take an entry-level Dutch test and a language aptitude test.

I. Haarlemmermeer Lyceum is accountable for the allocation of students to specific classes and will communicate this information to parents by 12 June 2024.

J. On June 28th, all students will meet their class and mentor during the introductory afternoon.

NB. Students from Optimist International School are exempt from the Haarlemmermeer lottery process.
